TACTICAL TRAINING GROUP ATLANTIC

TTGL

Command Brief

Oct 2011

Tactical Training Group Atlantic's Mission

Our mission is to prepare the Atlantic Fleet to effectively execute tactical Naval operations.

TTGL conducts core competency training, mentoring and assessment of units in the integrated training phase to provide world-wide deployable forces.

TTGL maximizes classroom and synthetic tools ashore to offset risk. Additionally, TTGL provides a demand signal to the centers of excellence and maintains a best practice library.

- **Formal classroom education**
- **Fleet Synthetic Training and Mentoring**
- **Provide demand signal to Centers of Excellence**
- **Fleet TLAM training backbone (SLAMEX infrastructure)**
- **Fleet BMD training backbone**

- 32 Officers, 34 Enlisted, 3 GS & 66 Contractors

- Functionally aligned with Warfare Evaluation Areas / FST

TTGL Academic Courses

12 Courses

70 Scheduled classes & 1500 Students Per Year

Joint Maritime Tactics Course
8x yr / 250 Students

Common Tactical Picture Manager's Course
12x yr / 100 Students

Staff Tactical Watch Officer Course
8x yr / 80 Students

Afloat Knowledge Manager's Course
1x yr / 30 Students

TLAM Tactical Commander's Course
6x yr / 75 Students

Navy Tactical Planning Course
6x yr / 220 Students

PC-Mission Distribution Course
6x yr / 45 Students

Sea Combat Commander's Course
3x yr / 180 Students

MBMD Staff Course
6x yr / 150 Students

JFACC Staff Augmentation Course
6x yr / 30 Students

Joint Warrior Trng
2x yr / 160 Students

Independent Deployer Training
6x yr / 120 Students

"Building Block" Approach to Training

3

FST-Joint (J)

• Full U.S. Navy + Coalition + Joint participation

• Certification for Major Combat Operations

• Multi-Strike Group Operations (ESF)

2

FST-Group Commander (GC)

• Execution in a Virtual Environment (Pierside)

• U.S. Navy + limited Coalition / Joint participation

• Validate concepts from WCC + Group Sail

• Prep for COMPTUEX

1

Warfare Commanders' Conference (WCC)

• CDR's opportunity to disseminate guidance (face-to-face)

• Build working relationships

• Draft OPORD/OPGENs/PPRs – validate through 1-2 wargames

• Fundamental Principles of Warfare

Fleet Synthetic Training

- Robust exercises – including large-scale OPFOR (Air / Surface / Subsurface)

  - Worldwide scenarios
  - Distributed architecture – reliable and sustainable

- Dynamic and complex scenarios

  - All levels of Joint / Coalition Force operations
  - Multiple Strike Group operations
  - Increasing emphasis on Theater ASW, Joint Fires, Coalition C^2
  - Multi-National (e.g. NATO, CMFC) capabilities
  - Fleet-Level HQ training

Joint and Coalition Force Exercises from Operator to Task Force Commander Level

Train In Port, Validate at Sea
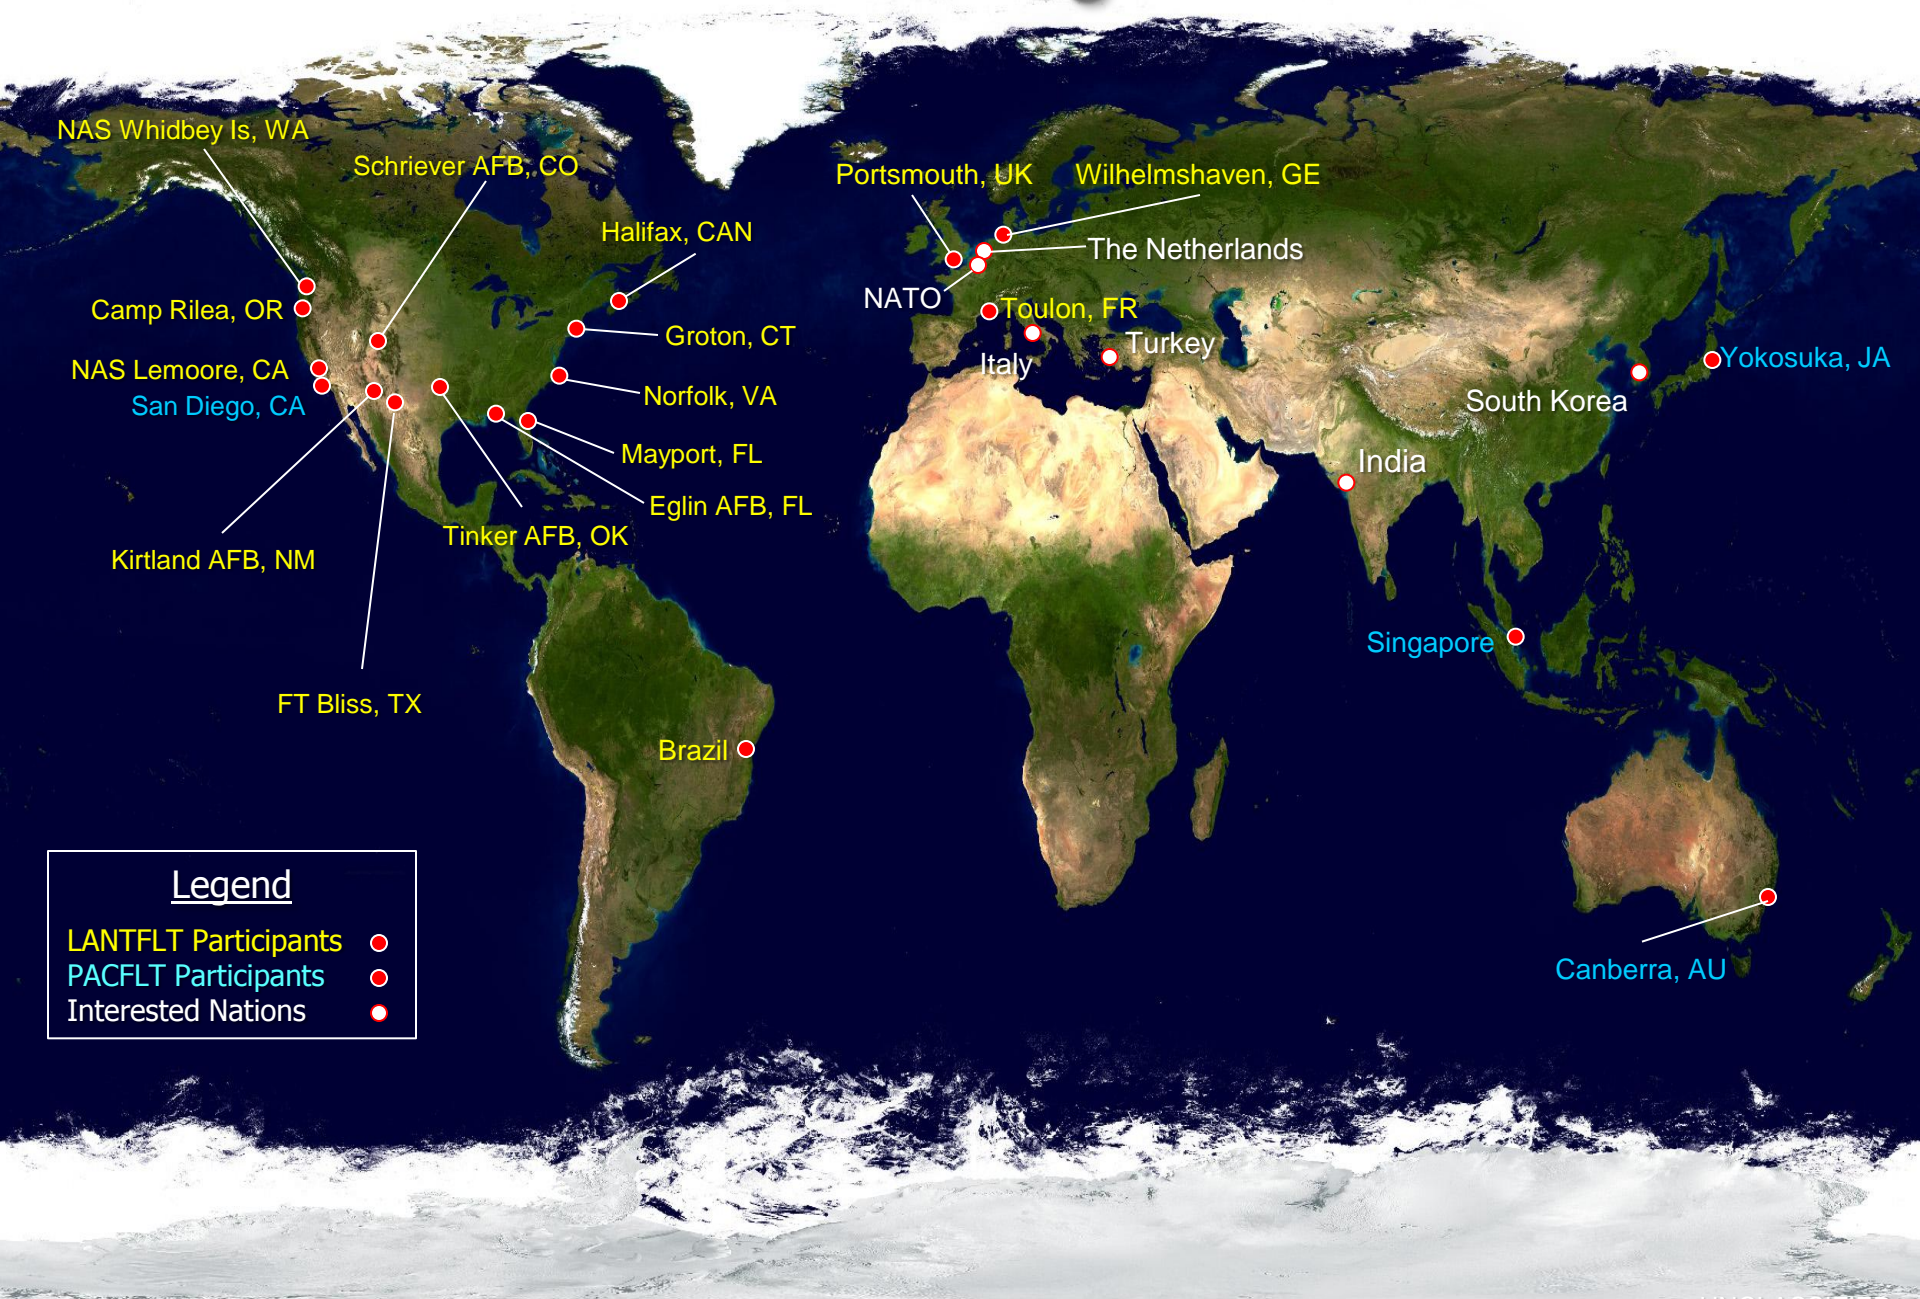

Upcoming FST Events

- ENT FST-GC   3 - 14 OCT 11
- IWO FST-GC   24 OCT - 4 NOV 11
- ENT/IKE FST-J 12-2   13 - 24 FEB 12
- IKE FST-J 12-4   9 - 20 APR 12
- KSG FST-GC   TBD AUG 12
- HST FST-GC   29 OCT - 9 NOV 12

Maintaining Tactical Relevance

- TTGL teaches core competencies
  - Forces are ready to deploy and succeed
  - Follow published theater guidance

- C4F / C5F / C6F / C7F liaison visits
  - TTGL/CSFTL staff visits to theater

- Strike Group post deployment debriefs
  - What's the "real story", what has changed, what needs to change?

- Active engagement w/ Centers of Excellence
  - Ensure the right subjects are being studied

Summary

- TTGL trains deployers in TACTICAL Naval operations
- Core Competency Training
    - Mentoring & Assessment - Integrated & Sustainment Training Phases
    - World-wide deployers
- Right mix of Academic & Synthetic Training
- Demand signal to Centers of Excellence
- Best Practices website
